# News and Updates

## Building & Grounds Updates

- **Hurricane Preparedness:** THANKS TO MARK ACKERSON for preparing a detailed hurricane readiness plan. Some key points:
  - Mike and Marilyn Kovach have volunteered to lead a team to help protect the common areas. Thanks to them and all who will help.
  - **ELEVATORS WILL BE SHUT DOWN AT LEAST 3 DAYS BEFORE A HURRICANE IS DUE.** After the storm, the elevators will NOT be turned back on until they have been inspected and cleaned out. It may be a week or more.
  - A blast email will be sent to all Owners if forecasted conditions cause the plan to be triggered.
- **Fire Sprinklers – WEST BUILDING ONLY** Owners will be notified when Babe’s is scheduled to replace all damaged sprinkler heads. Many had been painted or caulked over, which compromises their effectiveness. This is a fire code violation and it will cost us thousands to fix.
- **Landscaping Update**
  - Bushes around pool will be replaced.
  - West side foundation plantings will be ripped out. New drains, new diverters, and new sod will be added. New stones will be added where needed. Damaged curbs will be replaced. The existing stepping stones will be put back in.
