News and Reminders

Tell Visitors to Be Careful on Our New Parking Lots

Please ask your visitors to protect our fresh asphalt – remind them not to turn their wheels unless their cars are moving. Drive slowly and carefully to preserve our investment.

Stop and Smell the Roses Flowers

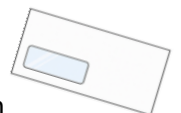

Thanks to the Social Committee for purchasing the beautiful, blue planters for our walkway. Special thanks to Janis Irvin and Connie Strauss for selecting, planting and tending the gorgeous flower arrangements. Two more planters are coming soon.

If you can help periodically with the daily watering schedule, see Janis. We especially need help in August.

REMINDER – GOING NORTH?

If you're having your mail forwarded, be sure to notify Star of your temp address in writing. And let them know when you switch back. It's a Florida statute to ensure you don't miss legal mail.

Updates

Property Updates

WOW! Lots of property improvements were completed this season! Special thanks to our Board members – Jeff Henry, Mark Ackerson, and Jeff Strauss – who spent many hours driving these important projects:

- We had our sewer pipes cleaned out and lined. In the process, we also got rid of those ugly rock piles at the bottoms of our drain pipes.
- Both Elevators had all their mechanical parts upgraded.
- We completed the unforeseen repairs needed due to leaks at the South walls on both East and West buildings.
- We had the parking lots repaved.

Another unforeseen repair is the pillar on the east building, down by the Cabana. This work should be completed by the middle of July.

Parking Lots – Thank you, Jeff!

Thanks to our Board Chair, Jeff Henry, for making sure the paving project was finished on schedule. He spent numerous hours overseeing the work and answering our questions. He bartered with the Event Center so we could park in their lot instead of on the street.

Please continue to drive carefully on the new pavement. It takes a year to fully cure. You can already see where people have gouged the asphalt by turning their wheels while their car was stopped. Drive slowly and keep moving while you're turning the steering wheel — and remind your visitors to do the same!
